PROFILE

MCA graduate with hands-on internship experience as a Full Stack Developer working with Angular and Java. Strong knowledge of Java, Spring Boot , Angular, JavaScript, HTML, CSS, Node.js, Express.js, MySQL, Git, and GitHub. Experienced in developing full-stack web applications, responsive user interfaces, REST API integration, database operations, and real-time web features. Seeking an entry-level Full Stack Developer or Software Developer role.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern (Angular with Java) | TVK Technologies, Chennai
08 January 2026 – 26 March 2026

- Worked on full-stack web application development using Angular for the frontend and Java for backend development.
- Developed responsive user interfaces using Angular, HTML, CSS, and JavaScript.
- Worked with Java-based application logic and REST API integration between frontend and backend services.
- Used MySQL for database operations, SQL queries, and data management.
- Performed application testing, debugging, and issue resolution during development.
- Used Git and GitHub for source code management and collaborative development.

TECHNICAL SKILLS

Programming: Core Java, Java 8, JavaScript
Frontend: Angular, HTML, CSS
Backend: Spring Boot, Node.js, REST APIs
Architecture: Microservices
AI: Artificial Intelligence (AI)
Database: MySQL
Tools: GitHub, VS Code
Design: UI/UX Design

PROJECTS

Smart Bike Traveler Companion | May 2026

Developed a real-time bike safety and travel assistance web application featuring GPS tracking, emergency SOS alerts, group ride management, live chat, and trip analytics. Implemented secure user authentication and responsive user interfaces.

Technologies: Angular, Node.js, Express.js, MySQL, Leaflet.js

Sentiment Analysis of Online Social Reviews | May 2025
Developed a machine learning-based model to analyze and classify user-generated reviews as positive, negative, or neutral to help understand customer opinions.

Technologies: Python, Natural Language Processing (NLP), Scikit-learn, Pandas, NLTK, Jupyter Notebook

Electronic Shop Management | March 2023
Designed and developed a desktop-based application for inventory management, billing, customer records, and sales tracking to improve operational efficiency and reduce manual errors.

Technologies: Python, Tkinter, MySQL

EDUCATION

Master of Computer Applications (MCA) | May 2026

SRM Valliammai Engineering College | CGPA: 7.9

Bachelor of Computer Applications (BCA) | April 2023

Sriram College of Arts and Science | CGPA: 8.60
